**APRIL
2022**

CONTRACT

Shakopee City Council awarded a contract for the 2022 Bituminous Pavement Rehabilitation to the low bidder, Northwest Asphalt, of Shakopee, MN on March 15th, 2022. There are no direct assessments to property owners on this project.

PROJECT SCOPE

The project consists of milling the surface of the roadway, crack repair, patching areas of pavement failure and then paving a bituminous overlay.

Broken and settled concrete curb and gutter and ADA deficient pedestrian ramps will be reconstructed at the start of the project. The milling of the street, crack repairs and paving of the street will begin following the completion of all concrete work. This work is anticipated to be completed within one to two weeks of milling the streets. The actual paving on your street should take less than a day. The contractor is tentatively set to begin the project in Area B the second week of May. Work in Area A and C will begin near the middle of May. Work in areas D and E will begin near the first week of June.

The contractor will be posting temporary signs in the boulevards notifying residents of any parking restrictions during construction. Please use caution and patience while driving in the construction zone and comply with all parking restrictions and temporary traffic control.

The project is required to be complete by the beginning of September 2022 for all areas.

SPRINKLERS & DOG FENCES

Broken and settled concrete will be removed and replaced. Please mark the portions of your sprinkler system and/or underground fence adjacent to curb and gutter as soon as possible. The contractor will make the best attempt to protect sprinkler systems and dog fences but will be responsible for fixing them if damaged during construction.

ROAD & DRIVEWAY ACCESS

It is our intent to maintain access to the driveways throughout the project. There will be occasional short-term disruptions due to milling and paving operations.

CITY PERSONNEL

Engineering Office: 952-233-9369
During Normal Business hours (8:00 a.m. to 4:30 p.m.)
Email: engineering@shakopeemn.gov

City Inspector: Adam Bentson
Mobile Phone: (612) 749-4574
Email Address: abentson@ShakopeeMN.gov

Project Coordinator: Darin Manning
Mobile Phone: (612) 369-4571
Email Address: dmanning@shakopeeMN.gov

Assistant City Engineer: Ryan Halverson
Email Address: rhalverson@shakopeeMN.gov

In order to maintain the project schedule, the City has authorized the contractor to work from 7 a.m. to 7 p.m., Monday through Friday. Extended hours beyond 7 p.m. and work on Saturdays (9 a.m. to 5 p.m.) may occur when necessitated and approved by the city.

EMERGENCY CONTACTS

During working hours: Adam Bentson: (612) 749-4574

**After working hours and weekends:
Northwest Asphalt: 952-292-8455
Scott County Dispatch: (952) 445-1411**

WE NEED YOUR HELP!

Please do not walk or drive on new concrete for 7 days. When the contractor is working on your street, please be patient and for everyone's safety, please follow the directions given by the workers. Shortly before overlaying the roadway, the contractor will apply a bituminous tack coat to the surface. **We recommend that you avoid driving on this tack coat as it may track onto your driveway from your tires.** Also, please avoid driving on the fresh pavement until it has been rolled and avoid parking on it until it has had a chance to cool.

**A project location map is located on backside of this sheet.*

2022 BITUMINOUS OVERLAY PROJECT LOCATION MAP

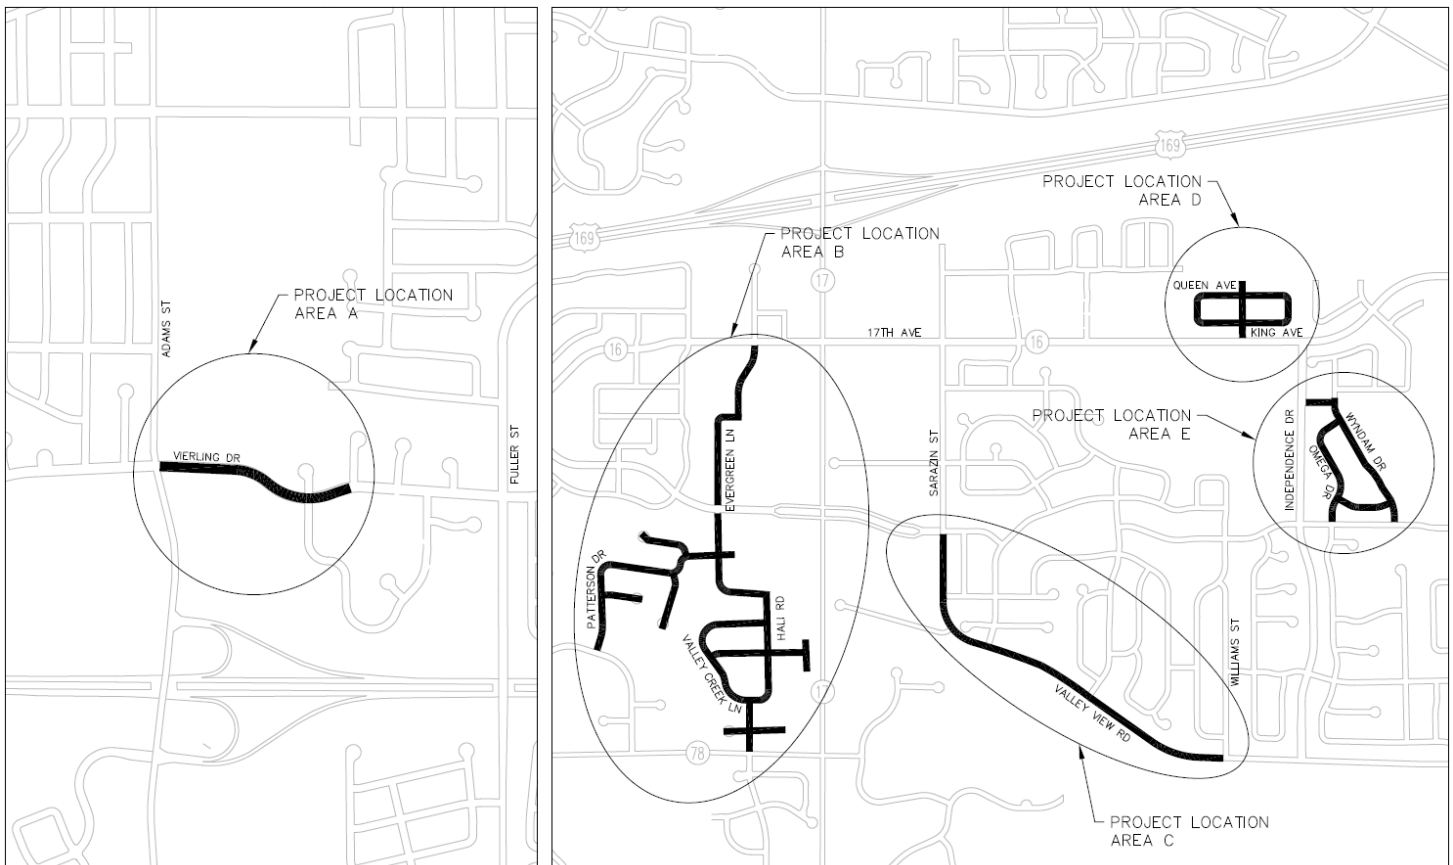

Area A: Vierling Drive, from Adams Street to Cider Circle

Area B: Weston Lane, Olive Road, Evergreen Lane, Patterson Drive, Patterson Circle, Hawthorne Circle, Raspberry Lane, Halli Road, Valley Creek Lane, Knoll Drive, Jennifer Lane, Danita Circle, and Danita Drive

Area C: Sarazin Street (from Mooers Avenue to Valley View Road) and Valley View Road (from Sarazin Street to Williams Street)

Area D: England Way, King Avenue, and Queen Avenue

Area E: 18th Avenue, Wyndam Drive (From 18th Avenue to Thrush Street), Omega Drive (From Wyndam Drive to Thrush Street), and Glacier Drive
