**JUNE  
2022**

## PROJECT UPDATE AND SCHEDULE

### WESTON COURT AND GREENWOOD COURT

Concrete replacements are complete, and the new sidewalk has been installed. The first lift of pavement has been installed. Turf restoration will occur the week of June 6. The final lift of pavement will be installed the week of June 13.

### GORMAN STREET

Concrete replacements will be complete the week of June 6. Upgraded light poles have been installed. Street and trail reclamation will occur the week of June 13. The first lift of pavement will also be installed the same week.

## ROAD & DRIVEWAY ACCESS

It is our intent to maintain access to your driveway throughout the project. There will be occasional short-term disruptions to access during utility excavation and construction. Residents should expect full access from 7pm to 7am each day. In addition, there will be 7 days after concrete curb and gutter and concrete driveways are constructed when access will be restricted to allow the concrete to cure. Please contact Adam, to discuss any special considerations or related hardship issues.

## SPRINKLERS & DOG FENCES

The city right-of-way extends approximately 15 feet from back of the existing curb and gutter. Please mark any underground pet fencing and mark the portions of your sprinkler system within the city right-of-way as soon as possible. Contact Adam if any fence or sprinkler is damaged during construction.
