**JULY
2022**

PROJECT UPDATE AND SCHEDULE

Cleaning and inspection of the sanitary sewer lines were completed the week of June 6, 2022.

The next stage in the project consists of rehabilitating the city sanitary sewer main line by constructing a new cured-in-place liner inside the existing sanitary sewer main. Robotic equipment will access the sewer main from manholes and perform the work under the street, without digging.

The contractor anticipates lining of the sanitary sewer lines starting the week of July 11, 2022. We anticipate there to be no interruptions to your sewer service during the lining activity. The project is required to be completed by September 16, 2022, for all areas. There is no direct cost to you for this improvement.

AREA A

Work is between Spencer Street and Main Street between 4th, 5th, and 6th Avenue.

AREA B

Work is on Spencer Street between 10th and 11th Avenue.

AREA C

Work is on Marschall Road between Gorman Street and Shakopee Avenue.

AREA D

Work is on 12th Avenue between Quincy Street and Adam Street.

*A project location map is located on backside of this sheet.

CITY PERSONNEL

Engineering Office: 952-233-9369

During Normal Business hours (8:00 a.m. to 4:30 p.m.)

Email: engineering@ShakopeeMN.gov

City Inspector: Ty Lee

Mobile Phone: (612) 930-9763

Email Address: tlee@ShakopeeMN.gov

Project Manager: Ryan Halverson

Email Address: rhalverson@shakopeemn.gov

In order to maintain the project schedule, the city has authorized the contractor to work from 7 a.m. to 7 p.m., Monday through Friday. Extended hours beyond 7 p.m. and work on Saturdays (9 a.m. to 5 p.m.) may occur when necessitated and approved by the city.

*****EMERGENCY CONTACTS*****

During working hours:

City Inspector-Ty Lee (612) 930-9763

Contractor-Bruce White (612) 328-3958

After working hours and weekends:

Contractor-Bruce White (612) 328-3958

ROAD & DRIVEWAY ACCESS

Access to your driveway and roadway will be maintained throughout the project. On site, there will typically be a box truck, a trailer and a pick-up truck. None of these will prevent traffic from moving through the project area streets, as usual.

Please use caution and patience while navigating around the construction zone and comply with all temporary traffic control for everyone's safety.
