**APRIL
2024**

CONTRACT

Shakopee City Council will award a contract for the 2024 Trail Reconstruction project to the low bidder, Bituminous Roadways, of Shakopee, MN on April 16th, 2024.

PROJECT LOCATION

- Stonebrooke Drive
- Windsor Drive North

*Project Location Map on the back

PROJECT SCOPE

The project consists of full depth pavement reclamation of the existing bituminous trails and paving a new bituminous surface over the reclaimed aggregate base. There are no property assessments with this project.

APPROXIMATE START DATES BY AREA

The contractor has not determined a start date for this project. The city will update the city website with a schedule as it becomes available and we will mail out an updated project newsletter then.

IMPACTS TO YOUR YARD

The area of your yard immediately adjacent to the trail will be disturbed to allow for the reconstruction of the trail. There may be impacts to shrubs or plants that are adjacent (within 1-2 feet) to the trail. The city recommends transplanting any shrubs or plants until the project is complete. The city will restore the turf and/or landscape adjacent to the trail but will not replant any shrubs or plants removed during construction.

Please mark the portions of your sprinkler system or underground fence adjacent to existing trail as soon as possible. The contractor will be responsible for protecting or repairing irrigation systems and any underground fences
