PROJECT SCOPE

The project consists of full depth pavement patching and crack sealing to address areas of pavement failure. Upon completion of patching and crack sealing, a chip seal coat will be applied to the streets. Two separate contractors will be performing the work. **The seal coat contractor anticipates beginning their work between July and August.** The actual seal coat work will only take a couple days to complete.

PROJECT LOCATION

See back of newsletter for project locations.

SCHEDULE UPDATE

AREA H – The contractor anticipates starting work in this area the week of June 3rd. Crack repair, bituminous pavement removal and bituminous patching are anticipated to take 4 days of work.

AREA I – The contractor anticipates starting work in this area the week of May 20th. Crack repair, bituminous pavement removal and bituminous patching are anticipated to take 5-7 days of work.

AREA J – The contractor anticipates starting work in this area the week of May 28th. Crack repair, bituminous pavement removal and bituminous patching are anticipated to take 3-4 days of work.

*Schedules may change depending on weather

ROAD & DRIVEWAY ACCESS

It is our intent to maintain access to the driveways throughout the project. There will be occasional short-term disruptions due to patching and seal coat application operations.

WE NEED YOUR HELP!

When the contractor is working on your street, please be patient and for everyone's safety, please follow the directions given by the workers. Also, please avoid driving on the fresh blacktop until it has been rolled and avoid parking on it until it has had a chance to cool.

SPECIAL NEEDS AND CONSIDERATIONS

There will be an inspector on site most days. The inspector for this project is Malek. Contacting the on-site inspector will be the most efficient means for you to get answers to the questions you have. If you have any special needs regarding access to and from your home (i.e. Doctors appointment, events at your residence, moving, etc.) when construction starts, it is important you contact the on-site as soon as possible to ensure you have access when you need it.
